

## ROCHESTER AREA BAND GOING TO L.A.:

### WILL WORK WITH GRAMMY AWARD-WINNING PRODUCER BOB KULICK

HADLOCK, one of Rochester's most electrifying rock bands for more than six years, will be heading to Los Angeles in October. After considering offers from various record labels, and being pursued by four different Grammy® award-winning producers, HADLOCK has decided to remain independent and work with well-known guitarist and music producer Bob Kulick. Bob will be working with the band to enhance their unique blend of 80's arena rock with modern contemporary rock.

Kulick is best known for his work with the group Kiss. He has also worked with other national recording artists, including Meatloaf, Dianna Ross, Alice Cooper and he produced Motorhead's Grammy® Award-Winning Song, "Whiplash" - 2004's Best Metal Performance.

Kris Hadlock, the former drummer for Chesterfield Kings, formed HADLOCK in 2001. In addition to Kris Hadlock on lead vocals and rhythm guitar, band members include: Richie Roccisano on lead guitar and backing vocals, Robert Maslin on drums and vocals, Ron Lee Brock on bass guitar and vocals, and Chris Renner on keyboards. All of the band's music is original and written by Hadlock and Roccisano.

HADLOCK will return to Rochester for a welcome-back concert, following their recording sessions in Los Angeles.
